

THINKER LAB

Robotics & Coding Incursions

For schools, OSHC & vacation care

Melbourne-wide · Ages 6–14 · We bring everything

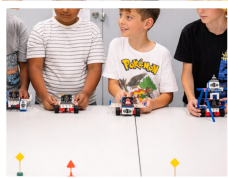

WE BRING THE ROBOTS. YOUR TEAM JUST BOOKS THE DATE.

A high-energy, hands-on session run end-to-end by our team — your educators simply supervise. Led by a qualified science/STEM professional, supported by WWCC-cleared staff.

CHOOSE YOUR SESSION

All prices incl. GST · up to 30 children · all equipment supplied

Young Makers Workshop – Build & Showcase

SCREEN-FREE BUILDING

Hands-on, no screens. Kids build a custom rover from Lego-style robotics kits, learn how robots sense and move, then race what they built.

\$599

90 min
incl. GST

Young Coders Workshop – Code Real Robots

CODING + COMPETITION

Block-coding with real VinciBot robots — sensors, logic and movement — plus unplugged challenges, ending in a team relay on our race track.

\$599

90 min
incl. GST

Young Innovators Masterclass – Build & Code

THE FULL EXPERIENCE · 2 HRS

The extended session: more robot time, deeper coding and a full bracket-format competition. Ideal for STEM days, Science Week and end-of-term.

\$699

120 min
incl. GST

WHAT'S INCLUDED

- ✓ Robots, iPads & race track supplied
- ✓ We set up before and pack down after
- ✓ Up to 30 children · ages 6–14 (Prep–Yr 6)
